In order to frame a scale of Expr, the annual income should be calculated on the averages from Lands, Salabhara, Licensing fees &c &c and it will take some time for all this being done. If ab the Expr is fixed, that on Destitute feeding along with others, it will be easier to frame a scale of Expr under items. GEN. & REV. MUZRAI 91179

The Muzrai Commissioner in Mysore,
B a n g a l o r e.
Muz 284-25-1

B. Srinivasa Iyengar, Esq., B.A., B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Revenue Department

Sir,

Adverting to para 3 of your letter No.1615/M.F.90-24-18 -- dated 8th May 1925 I have the honor to forward herewith copy of letter C.No.404/24-25 dated 17th February 1926 from the Deputy - Commissioner, Mysore District submitting a statement showing the income derived from Tulabhara in the temple of Sri Srikanteswara swami at Nanjungud and recommending that an additional allotment of Rs.75/- may be sanctioned for feeding in Sivaratra.

2. From the statement appended it will be seen that the income approximates Rs.1500/- a year on the average. The temple of -- Sri Srikanteswaraswami is the best renowned Siva temple in the - state and it is of supreme importance that the services therein should be kept in a very efficient condition. Though there has been some increase on the receipt side yet it can not go a long way in affording much financial relief to the temple as demands upon its resources are always numerous, and owing to the rise in the prices of food grains and also in wages The temple --- servants are clamouring for enhanced pay and if the efficiency of the temple service has to be maintained unimpaired the members of the establishment have to be given living wages at least. The increased revenue from Tulabhara will give roughly Rs.125/- a - month and if a sum of Rs.75/- is utilized for feeding in Sivaratra the balance of Rs.50/- will be wholly inadequate for the purpose of revising the pay of the temple staff. But at the same time -

an improvement in the feeding arrangements of the
urgently called for as this has come in for large amount of critic
recently. It is on these considerations among others - that ~~Mr.~~
~~Balasundaram Pillai~~ recommended that a sum of Rs.1000/- may be made
available from the Chattram savings Fund.

3. I beg that the orders conveyed in your letter under reply may kindly be reconsidered and a recurring grant of Rs.1000/- a year added to the Sivakoota allotment of the Nanjundud temple, the charge being met as already proposed.

4. If it is considered not possible, I solicit sanction of Government to raise the Sivakoota allotment to Rs.300/- a month the extra cost involved, viz., Rs.75/- being met from the enhanced income derived to the temple from Tulabhara and other sources.

5. Proposals for fixing a revised scale of expenditure in the temple will be worked up and submitted separately in due course.

I have the honor to be,

Sir,

Your most obedient servant,

C.S. Balasundaramayya

Muzrai Commissioner.

Letter No.C.404/24-25 dated 16/17th February 1926 from the Deputy Commissioner, Mysore District to the Muzrai Commissioner in Mysore.

"With reference to your letter No.C.409 of 24-25 dated the 14th - May 1925, re: increased allotment for feeding in Shivakoota attached - to Sri Srikanteswaraswami temple at Nanjangud, I have the honor to submit herewith the Nanjangud Taluk Amildar's report No.Muz.N.130 dated -- 10th February 1926 reporting that there is an additional income of ---- Rs.1500 per annum on an average from Tulabhara; that at a meeting of the Dharmadarsis held on 9-6-1925 it was resolved that the addition of Rs.75/- at least per month for Sivakoota is absolutely necessary as against Rs.50/- recommended to Government and that the expenditure may be met from the income from Tulabhara. The Amildar recommends that an additional allotment of Rs.75/- may be sanctioned for feeding in ----- Sivakoota. I agree with the Amildar in his views.

As regards the revision of the scale of income and expenditure, the question is engaging the attention of the Dharmadarsies and fuller statistics are being collected with a view to formulate suitable ------

proposals. Necessary proposals will be submitted

statistics are compiled."
